## Statement of significant changes

### Overview

The purpose of this statement is to provide our stakeholders with information on any proposed changes to our tariff structures for 2020/21. This information is provided in accordance with the wholesale charging rules issued by Ofwat. This information relates to wholesale charges that we apply to retailers (water supply licensees).

We will publish indicative wholesale charges for 2020/21 in October 2019.

### No changes

We are not proposing to make any significant changes to the structure of our tariffs for the 2020/21 charging period.

### Stakeholder engagement

Despite no significant changes to our tariff structure for the 2020/21 charging period we continue to welcome feedback and comments from retailers and other stakeholders with regard to the structure and content of our tariffs to inform future strategy.

Please send your observations or queries in relation to this proposal to:
