

Application for water main & service connections
(Sections 41 & 45 of the Water Industry Act 1991)

Pure know h₂ow

Contents

1. Welcome & introduction
2. Applicants details
3. Where the water is needed
4. Water supply connections
5. Fittings table
6. Build programme
7. Check list & declaration

1. Welcome and introduction

South East Water are not the only persons who can install a water main. You can find an approved Self-Lay Provider who can offer excellent services at the link below;

<https://www.lr.org/en/utilities/water-industry-registration-scheme-wirs-wirsae/search/>

Whether you're planning a large or small development, we can provide expert advice to suite your requirements.

If you have any questions once you've read this application, then get in touch- we're here to help. You can find the contact details on the back cover.

2. Applicants details

3. Where the water is needed

Address

Past Use of the site

Will you be installing any of the following?

Please tick

- Rainwater/Greywater harvesting (excl. Water butts)
- Fire suppression system
- Swimming pool,
this will require its own separate water connection

Guidance for installations of plumbing systems can be found on our website

www.southeastwater.co.uk/regulations

4. Water supply connections

How many connections are required?

Houses	<input type="text"/>
Flats	<input type="text"/>
Bulk connections	<input type="text"/>
Non-Household	<input type="text"/>
Building water supply, if to remain which plot will it serve	<input type="text"/>

South East Water will supply a standard 25mm O/D connection. If a larger supply is required please provide the flow rates in litres per second for every plot requiring a larger supply.

Flow rate	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Plot	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Are any of the following types of Non-Domestic properties being constructed?

Medical	<input type="text"/>	Education	<input type="text"/>	Agricultural	<input type="text"/>
Industrial	<input type="text"/>	Community	<input type="text"/>		
Retail	<input type="text"/>	Hotel/Hostels	<input type="text"/>		

Please provide numbers per type

4. Fittings table

Please complete for every connection over 25mm (0.27litres per second)

Fitting	New fittings per plot			Loading Units
WC flushing cistern				2
Wash basin in a house				1.5
Wash basin elsewhere				3
Bath (Tap nominal size 3/4"20mm)				10
Bath (Tap nominal size larger than 3/4"20mm)				22
Shower				3
Sink (Tap nominal size 1/2" 15mm)				3
Sink (Tap nominal size larger 1/2" 15mm)				5
Spray Tap				0.5
Bidet				1.5
Domestic Appliance (Subject to a minimum of 6 LU's per house)				3
Communal or commercial appliance				10
Any other water fitting or outlet including external tap				3

1. Reference to any fitting includes reference to any plumbing, outlet, dedicated space or planning or provision for that fitting.
2. 'Bath' includes a whirlpool bath and a Jacuzzi.
3. 'Domestic appliance' means an appliance (including a dishwasher, a washing machine and a waste disposal unit) in a house.
4. 'Communal or Commercial appliance' means an (including a dishwasher, a washing machine, and a waste disposal unit) elsewhere than in a house.
5. In any calculation a minimum of 6 loading units shall be included in respect of each house for domestic appliances. Unless there is no outlet for a dishwasher or washing machine.

5. Build programme

Please complete for all plots so that the most accurate quotation can be produced

When do you want the new water mains installation to be completed?

dd/mm/yyyy

On what date will the first property be occupied?

dd/mm/yyyy

	Year 1		Year 2		Year 3		Year 4		Year 5		Year 6		Year 7		Year 8		Year 9		Year 10		Year 11		Year 12	
January	B	O	B	O	B	O	B	O	B	O	B	O	B	O	B	O	B	O	B	O	B	O	B	O

Please insert the number of properties you expect to be completed in each month of each relevant year (column B) and the number of premises you expect to be occupied in each month of the relevant year (column O).

7. Checklist and declaration

I/we understand that;

- a. All plumbing work and installations must comply with the Water Supply (Water Fittings) Regulations 1999
- b. I confirm that I will only be installing approved products on the plumbing systems.
- c. Payment for the service will be required in advance, the private supply pipe must be laid and inspected in open excavation before the new connection is completed.
- d. South East Water must be informed of any proposed modifications to the plumbing or installations after the water supply has been connected.
- e. I/We will notify South East Water in writing, as soon as possible of the plot to postal address, the occupiers name, date of occupation and meter reading.

I/We enclose;

- A DWG for the site
- A soils report- if not provided the quotation will be produced based on an appropriate barrier pipe being installed.
- An internal water services plan (required under Regulation 5 of the Water Supply (Water Fittings) Regulations 1999.

I have filled in all the relevant sections of this form and the fittings table. The details I have given within this application are accurate.

I/We accept that any legal permissions to undertake work on land not in my/our ownership must be obtained by me/us before work can be carried out. It is my/our responsibility to ensure that all legal matters

are agreed and in the event of any dispute South East Water will reserve the right to charge me/us for additional costs that may arise.

I/We accept that it may be necessary to consult a solicitor if I/We are unsure of the position.

*In order for us to improve our customer service and delivery of our works it may be required to submit your details to Ofwat or a third party to carry out a satisfaction survey. If you **do not** wish for your details to be used for this basis please tick to opt out here*
